

# Marina Reader

Long Beach Parks, Recreation and Marine

## FROM THE MANAGER

By Elvira Hallinan  
Interim Manager

By now you may have heard, that the Long Beach Marina Rules and Regulations Committee has undertaken the task of reviewing the current rules and regulations from beginning to end.

Committee members include the three marina supervisors, Boat Owner Association representatives and boat owner volunteers.

The goal is to meet monthly to discuss potential or needed revisions.

During the month of January, the Committee will review Sections I through III and tackle the issues regarding cancellations, removal of vessels upon cancellations, reas-

signment of slips, non-transferability of permits, sale of permittee's vessels and partnerships/corporation limitations.

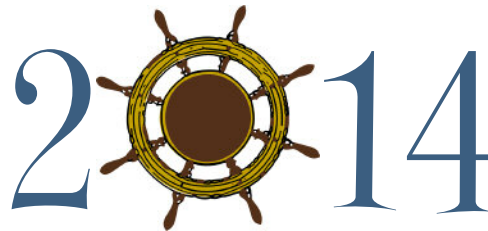

The first meeting is scheduled for January 8, 2014.

The February meeting will focus on Section III-H Vessels as Place of Abode. Should you have input to provide, please contact one of the committee members, a list will

be posted on the web site after the first meeting.

It is important to the Marine Bureau that rules and regulations reflect a marina system that promotes the health, safety, peace, welfare and enjoyment of our permittees.

Happy New Year  
To Everyone!

### Technology For Boaters Creates New Learning Tools

The California State Parks Division of Boating and Waterways and California Coastal Commission's Boating Clean and Green Program (BCGP) is using technology as another resource in keeping California's marina, waterways, and ocean clean and healthy.

With the use of QR codes, boaters can now access on their smartphone devices clean boating tips, including two new instructional videos.

The videos include tips and tools to prevent oil and fuel discharges; how to report oil and chemical spills; dispose of used oil; environmental laws; and information on other clean and safe

boating practices recommended for before, during and after fueling boats.

What is a QR? A QR consists of a square dots arranged in a square grid that is used to take a piece of information, such as BCGP's videos, and placed it into your smartphone. Boaters can then conveniently view the videos before or after docking, or even when planning their outing from home. Instructions on how to use this technology can be found on websites such as For Dummies.

For additional information or do download the QR, please visit: [www.BoatingCleanAndGreen.com](http://www.BoatingCleanAndGreen.com)

## Marina Tradition Lives On

Holiday window painting brings the marina offices to life during the winter. The original art is done every year by artist Tina Babi.

Babi has been doing the paintings for over 10 years and works in the offices.

The paintings can be seen with their own themes at the Rainbow Harbor, Alamitos Bay and Shoreline
